3. ACKNOWLEDGEMENT AND AUTHORISATION

I, the Account Holder identified in section 2 above, notify AusNet Services that the distributed energy resource (DER) located at my premises is decommissioned and I acknowledge that:

- (a) AusNet Services will notify the Australian Energy Market Operator of this change;
- (b) my contract with AusNet Services for the provision of embedded generation connection services is terminated with immediate effect;
- (c) I am not permitted to reconnect or re-energise my DER unless and until I enter into a new contract for embedded generation connection services with AusNet Services; and
- (d) this form contains personal information about me and I consent to AusNet Services collecting and handling this information in accordance with the AusNet Services Privacy Policy.

By ticking this box I authorise the installer identified in section 2 above to submit this form to AusNet Services on my behalf.
